

Client Daily Report

Date generated: May 21 2009 01:11PM

As part of our commitment to top tier service, we've conducted our Daily Safety Check on your systems this morning.

The checks identified one or more errors in your systems. Our technical team has been notified of the problem(s) and will rectify any errors as soon as possible. We will contact you with further updates as they are available and to let you know when any problems have been resolved.

Details of the status of all your systems are provided below for your information.
